

"Computer engineering" faculty was established on the basis of the President resolution of the Republic of Uzbekistan # PR-1942 "On measures on further improvement of training information and communication technology personnel system" on March 26, 2013 at the Department of "Information Technology".

Currently the faculty employs over 90 professors and teachers. The faculty focuses on educating the following spheres of bachelor degree, namely:

60610500- Computer Engineering (" Computer engineering ", " IT-Service", "Multimedia technologies"), 60610700-"Artificial intelligence", 60711500-"Mechatronics and robotics", 60611400-" Postal communication technology" and following Master programs, namely 70610501 – Computer Engineering ("Computer Systems Design" "Designing application software", "Information and multimedia technologies"), 70610502- "Management of e-government system" 70610205- "Geoinformation systems and technologies", 70610504-"Data Science", 70610503-"Computer systems in medicine", 70611702- "Intellectual information-communication systems", 70610701-"Artificial intelligence", 70610505-"Internet of Things", 70611401-" Organization and technology of the postal service"

In the 2023/2024 academic year, 1,602 students are studying at the faculty in all educational areas of the full-time form, about 130 graduate students are studying in the above specialties and conducting scientific research.

Faculty Administration:

Dean of the faculty "Computer engineering"

Kuchkorov Temurbek Ataxonovich

Hours: Every day from 14:00 to 16:00 (except Monday and Saturday)

phone number: (+99871) 207-59-45

E-mail: t.kuchkorov@tuit.uz

Deputy Dean for working with Youth of the faculty "Computer engineering"

Karimov Abdulatif Botirovich

Hours: Every day from 14:00 to 17:00

Phone number: (+99871) 207-59-46

E-mail: abdulatifkarimoff@gmail.com

Deputy Dean for Academic Affairs of the faculty "Computer engineering"

Khusanov Sherzod Abdumannopovich

Hours: Every day from 14:00 to 17:00

Phone number: (+99871) 207-59-46

E-mail: sh.xusanov@tuit.uz

Deputy Dean for Academic Affairs of the faculty "Computer engineering"

Gulomov Doniyor Zaynobidin o'g'li

Hours: Every day from 14:00 to 17:00

Phone number: (0 371) 207 59 46

E-mail: d.gulomov@tuit.uz

Deputy Dean for Academic Affairs of the faculty "Computer engineering"

Karimov Sardor Atkham o'g'li

Hours: Every day from 14:00 to 17:00

Phone number: (+99871) 207-59-46

E-mail: s.karimov@tuit.uz

DEPARTMENTS OF FACULTIES

Convergence of digital technologies

Basics of Computer Science

Artificial Intelligence

Computer systems

Multimedia technologies

Specializations Bachelor Faculty

60610500

Computer Engineering ("Computer engineering", "IT-Service", "Multimedia technologies")

60610700

Artificial intelligence

60711500

Mechatronics and robotics

60611400

Postal communication technology

Specializations graduate of the Faculty:

70610501

Computer Engineering("Computer Systems Design" "Designing application software", "Information and multimedia technologies")

70610502

Management of e-government system

70610503

Computer systems in medicine

70610504

Data Science

70610505

Internet of Things

70610205

Geoinformation systems and technologies

70611401

Organization and technology of the postal service
