

Baccalaureate**TUIT:**

- Computer Engineering ("Computer Engineering", "IT-Service", "Multimedia Technologies");
- Software Engineering;
- Information Security;
- Telecommunication Technologies ("Telecommunication", "Teleradiobroadcasting", "Mobile Systems")
- Television Technologies ("Audiovisual Technologies", "TV Studio Systems and Applications")
- Vocational training in the field of ICT
- Informatization and Library Studies;
- Economics and Management in the field of ICT;
- Technology of Mail Communication;

Special In Absentia:

- Television Technologies ("Audiovisual Technologies", "TV Studio Systems and Applications")

Regional Branches:

- Computer Engineering ("Computer Engineering", "IT-Service");
- Information Security;
- Software Engineering;
- Telecommunication Technologies ("Telecommunication");
- Vocational training in the field of ICT;

Magistracy**TUIT:**

- Computer Engineering ("Computer Systems Design", "Practical Software Design", "Information and Multimedia Technologies", "Information Security, Cryptography and Cryptoanalysis");
- Software Engineering;
- Telecommunication Engineering ("information Transmission Systems", "Telecommunication Networks", "Teleradiobroadcasting");
- Informatization and Library Studies;
- Economics and Management in the field of ICT;

- Technology and Organization of Mail Services;
- Information Security of Telecommunication Networks and Systems;
- Management of Electronic Government System;
- Electronic Library and Archives
- Electronic Commerce

Regional Branches:

- Computer Engineering ("Computer Systems Design").
