

In accordance with the third initiative “Effective Use of Computer Technologies and the Internet among Population and Youth”, one of the five initiatives put forward by the President of the Republic of Uzbekistan on March 19, 2019. Much attention is paid to the improvement of cultural life of young people, strengthening ideological immunity, creating conditions for implementation of its creative intellectual potential, attracting the study of the basics of programming, computer technology, robotics, development of computer games and cyber sports.

On November 14 this year, a ceremony of handing certificates to a group of employees of Almazar district department of public education took place in Almazar district branch of the Training Center for Digital Technologies.

Sh. Kadirshaev, the chief specialist of the Tashkent city administration of the Ministry for the Development of Information Technologies and Communications, Z. Azimbaeva, head of the Almazar District Department of Education, director of the Center for Digital Technologies, A. Abdurakhmonov and Zh. Amirov.

The center invited students of training courses to widely involve young people in the study of digital technologies. The Digital Learning Center supports any initiative of the Ministry of Education and we wish you good luck in all of your endeavors.
